Gateway to Science Recognizes Supporters at Pledge Day Event

Public phase of capital campaign launched

Bismarck, ND – Gateway to Science Capital Campaign Pledge Week is underway for the week of August 19-23. **A Pledge Day event will be held at the site of the new building at 2:30 pm on Thursday, August 22.** Current and new capital campaign supporters will be recognized, and donors will sign a celebratory commitment card to share their support of the new science center project.

An open house in the current Gateway to Science galley will follow from 3:00-6:00 p.m. Refreshments will be provided.

The new building site is across from the MDU Resources Community Bowl (1701 Canary Ave.). Use the lower parking lot near the locker rooms just off the field for easy access. The current Gateway to Science gallery is located at 1810 Schafer Street in the Frances Leach High Prairie Arts & Science Complex.

Gateway to Science is North Dakota's hands-on science center. In addition to an interactive exhibits gallery, they offer STEM educational outreach programs serving people of all ages, including out-of-school time clubs, camps, and free family events.
